

THE AMERICAN POST

NEW YEAR SAVINGS IN 2021

Improving your diet and health are common New Year's resolutions. But improving your financial health also needs to be a priority. Make 2021 the year you take your savings to the next level. Here are six ways to save more this year.

1. **Automate everything.** You can't forget to save if it's automatic.
2. **Evaluate your banking.** Compare savings and checking accounts to make sure you're maximizing yields and minimizing fees.
3. **Attack your debt.** If you have any debt, make paying it off a priority.
4. **Maximize your cash back.** When you make your purchases in 2021, make sure you're being rewarded for them with cash back through reward shopping websites or your current credit card.
5. **Evaluate your budget.** The new year is a great time to make sure you're not overpaying or paying for monthly items that aren't being used.
6. **Review your employee benefits.** Even though open enrollment likely already happened for 2021, you may be able to adjust some options.

DOWNTOWN MONROE OPENING SPRING 2021

Our team is excited to announce that we will be transitioning our Monroe Office to Downtown Monroe this Spring!

Come out and visit us when we open!

EMPLOYEE SPOTLIGHT

JAIMEE SHAFFER

Jaimee Shaffer is an excellent Branch Manager of the Wingate Office, Vice President and Mortgage Loan Originator. She has been in banking for 18 years and is still learning and working hard everyday!

We are thankful and blessed to have someone like Jaimee here at American Bank.

HOLIDAY CLOSINGS
